

OPENING SESSION OF WOMEN'S CLUBS

Hundreds of Delegates with Thousands of Trunks in Milwaukee.

MAYOR GIVES WELCOME

Drawing the Color Line is Likely to Develop Some Warm Situations.

MRS. LOWE THE MYSTERIOUS

Milwaukee, June 5.—[Special Telegram]—The opening session of the General Federation of Women's clubs took place at the Alhambra theater this morning. Mrs. Lowe acted as chairman. Miss Ellen C. Sabin, president of Milwaukee-Downer college, delivered the opening prayer. Addresses of welcome were made by David S. Rose, Mayor of Milwaukee; Mrs. James Sidney Peck, Women's Clubs of Milwaukee, and Mrs. Arthur C. Neville, Wisconsin State federation. A response followed by the vice president, Mrs. Sarah S. Platt Decker.

The president, Mrs. Rebecca Douglas Lowe delivered the biennial address.

The afternoon session was devoted to officers and committee reports. This evening there will be art reception at the athenaeum.

Over 1,000 Trunks Came.

The Chicago delegation came to Milwaukee last evening in seven coaches. They brought 751 trunks. There were others who came by boat and they brought still more trunks. It is a modest estimate that the total number reached 1,000 trunks, which carry the fabrics necessary to a biennial of the general federation of women's clubs.

Women arriving from the east, south and west brought more trunks. The total number which should be stored in the baggage-rooms of the different hotels is something like 5,000, but the club women aver that one-half have been lost.

Gowns are Needed.

The receptions yesterday afternoon started out with the press reception in the afternoon and culminated with the federation reception at the Plankinton House last night. Gowns were needed and baggage masters would have gladly given a week's salary to find some of the missing trunks. It was given out in advance that delegates could expect a dozen kinds of weather in a week in Milwaukee. The club women prepared for this.

The program of the biennial shows the necessity of the trunks which the delegates brought. There were three receptions and a garden fete yesterday. There is a reception and a drive today and twenty-six at-homes Thursday. There are teas every day and any delegate who feels neighborly can occupy every minute's time without going near the convention hall.

Mrs. Lowe, the Mysterious

When not wondering about their trunks the delegates are trying to understand Mrs. Lowe, who says she cannot accept the presidency another year. Many of the club women say she does not mean it, and wonder why she keeps saying it. Club women say that if re-organization is relegated to the position of a dead issue Mrs. Lowe, who has opposed it, will announce her candidacy positively.

Mrs. Tod Helmuth, president of the New York federation, who is practically an avowed candidate for the presidency, is the most picturesque delegate at the biennial. Mrs. Helmuth is a member of thirty-seven clubs, and she wears the badges of all the societies on a band across her shoulder. Mrs. Helmuth says she also wants to go to Europe, but that she will accept if dear Mrs. Lowe cannot be persuaded to take a second term.

Color Line Problem.

Mrs. Josephine St. Pierre Ruffin, the colored delegate from the New Era club of Boston and from the Massachusetts State federation, arrived yesterday. The Executive board of the federation solved the color line question by a compromise. After a discussion, in which the question was under consideration, the matter was laid on the table, which means that it is still undecided.

The removing of hats came to an issue in the first meeting and a precedent was established for their removal. There was a little opposition to the motion for removal, but in the end it carried, and bonnets went off.

The position of wage earning women to the federation was discussed, and the women reached the conclusion to urge working women to form clubs, which would be received upon the same footing with other clubs.

Beloit, Wis., June 5.—Among the missionaries who are exposed to dangers from the boxers in China are Henry D. Porter and Elizabeth Porter his sister. Mr. Porter married a daughter of the late President Chapin of Beloit college.

BRYAN GOING TO MINOQUA.

He and Other Leaders Will Visit Colonel Wetmore.

Kansas City, Mo., June 5.—While the Republican national convention is in session at Philadelphia, William J. Bryan, Charles A. Towne, Populist nominee for vice-president; James K. Jones, chairman of the Democratic national committee; Colonel M. C. Wetmore of St. Louis, the tobacco merchant, and J. J. Hogan, a Democratic politician of La Crosse, Wis., will enjoy an outing at Minoqua, I.Ws.

The party will be the guests of Col. Wetmore at his summer cottage at Minoqua. This much was announced today by Col. Wetmore, who had arrived to attend the Democratic state convention, and who says that the Wisconsin gathering will be simply an outing and have no political significance. Col. Wetmore is to meet Messrs. Bryan and Jones in Chicago June 12. Mr. Towne is expected to put in his appearance after the party has arrived at Minoqua.

EMPRESS WILL DEFY ALL EUROPE

Chinese Government Will Not Interfere With the Boxers—Missionaries at Pao Ting Fu Are Safe.

Shanghai, June 5.—[Special Cablegram]—Missionaries at Pao Ting Fu are safe. An attack by Boxers on Tien Tsin was threatened last night. Every precaution is being taken for the safety of the foreigners in the town. The China Gazette, the highest authority in the Empire, says the Empress has ordered the government to face all Europe rather than to interfere with the Boxers. The station at Wang Chang has been burned by a mob.

GREATER NEW YORK ICE SCANDAL GROWS

Mayor Van Wyck, Supreme Court Judges and Many Democrats and Republicans Involved.

New York, June 5.—Mayor Robert Van Wyck of Greater New York is on the verge of removal from office by Gov. Theodore Roosevelt. The mayor's position is due to the fact that he has been shown to be the possessor of something over 30,000 shares of ice-trust stock. In other words he is one of the largest partners in a firm that is milking the city of New York under contract for thousands of dollars each year for ice.

This the charter of greater New York expressly forbids and the evidence against the mayor is now before Gov. Roosevelt and his legal advisor, Attorney-General Davis. After a long conference at Albany last night Gov. Roosevelt announced that the state officials would make the most searching investigation of the case before action is taken, and when they are ready to act it will be in no uncertain manner.

It has been shown by the official list of stockholders of the ice trust that nearly every official of prominence in the control of the city is a holder of ice trust stock, in fact citizens of New York declare that this is the worst scandal that has ever over taken the city officials since the Tweed regime.

SAILS A MILE UNDER WATER

Raddatz Submarine Boat Makes a Satisfactory Test Trip

Milwaukee, Wis., June 5.—At a trial of the Raddatz submarine boat in the bay yesterday afternoon it made a trip of a mile under water and return. The boat is now propelled by storage batteries instead of by chemically made electricity, as at first, and a number of other improvements have been made. The ballast used is compressed air, which, by a peculiar arrangement, can be shifted from one part of the boat to another.

HOLD UP A TRAIN IN TEXAS.

Masked Robbers Felled by the Bravery of an Express Messenger.

Longview, Texas, June 5.—The north-bound cannon-ball train on the International & Great Northern was held up at midnight near Price's switch, sixty miles south of this city, by three masked robbers. Express Messenger Charles Rutherford, however, prevented a robbery. Engineer Charles Rich saw a pile of cross ties and a lantern on the track and stopped. The robbers ordered him to uncouple the mail, baggage and express cars and pull ahead two miles. The robbers then commanded the messenger to open the door of his car. Failing to get any response they forced fireman Love to break a hole in the car. "I will kill the first man who enters!" shouted the messenger inside. Love was forced in by the robbers. The messenger shouted, "Get aside, Love," and then he fired through the hole. The shot started the robbers, and before they could recover from their confusion Engineer Rich applied steam and raced away to Jacksonville, fifteen miles distant, whence bloodhounds were sent in pursuit of the bandits.

RICH FUTURE FOR THE PHILIPPINES

Islands Worth All Their Cost and Cannot Now Be Given Up.

GREAT TRADE ASSURED

Gen. Otis Says Rebels Are Beaten and Scattered and the War is Over.

RECONSTRUCTION HAS BEGUN

San Francisco, Cal., June 5.—"We couldn't let go of the Philippines now if we wanted to," said Major General Elwell S. Otis last night when released from a five days' quarantine on the transport Meade on the Angel Island station.

"We will continue to hold them, of course, and they are fully worth all we have expended on them. The Philippines are immensely rich, and from a commercial standpoint, are sure to be a paying investment. Just as soon as capital becomes interested I expect to see an immense amount of trade with the islands. This, of course, takes time, for capitalists are naturally unwilling to invest in practically unknown territory."

Rebels Beaten and Scattered

Of the state of affairs in the Philippines he said:

"The insurrection has been over for several months, and there is no danger of another rebellion, for the simple reason that the rebel army has been shattered and all the leading rebels killed or captured."

"The so-called Filipino government has ceased to exist for a long time, and we are now protecting those who demand from us immunity from outrages inflicted on them. Peace has been practically restored all through the islands and the Filipinos generally have returned to their vocations, content to submit to American authority."

New Era Is Dawning

"Of course, much remains still to be done before we can afford to rest on our oars, but there is every indication that the worst is over and that a new era is dawning for the Philippines. That they, too, feel this is evident from the way in which they are co-operating with us in our efforts to better their condition."

"There are a few outlying districts still in which the Ladroneas have so terrorized the natives that they are afraid to follow the dictates of their common sense, but these are rapidly being cleaned out, and it was only a question of a few months before our troops will have all the arms gathered in and the Ladroneas scattered to the four winds."

FALL OF PRETORIA DOES NOT END WAR

Boer Peace Commission Arrives and is Feted in Chicago—Opinion of Dr. Fischer.

Chicago, June 5.—[Special Telegram]—The Boer envoys arrived in Chicago at eight o'clock this morning and were met by a reception committee headed by Judge Tuley and escorted to the Auditorium Annex where breakfast was served.

When informed of the fall of Pretoria Dr. Fischer said: "Pretoria gone? Well what of it? Our people still will fight, and fight well too. We expected nothing more than this and the next month will demonstrate that the Boers are yet able and willing to fight for their homes and liberty. While I expected Pretoria to fall, I am sorry of course. Still that will in no way injure the cause. We want the country, not the cities, and we are in possession of the country today."

Tonight the great public reception will be held at the Auditorium. The program is as follows:

WISCONSIN PENSION FRAUDS

Large Losses to Government to Be Probed by Federal Grand Jury

Milwaukee, Wis., June 5.—A federal grand jury has been called here to investigate pension frauds. Some months ago a number of pension agents went through Wisconsin and made an investigation into pension frauds and their reports are to go before the grand jury. Great secrecy is being observed and nothing can be learned of the nature of the frauds beyond the statement that they were conducted on a large scale and the government was cheated out of a large sum.

DOLLIVER'S BOOM GATHERING FORCE

Iowa Man Acceptable to McKinley and Party Leaders.

ROOSEVELT OUT OF IT

New Yorker Declares He Will Under No Circumstances be a Candidate.

WEST WILL BACK DOLLIVER

Washington, D. C., June 5.—There is every reason to believe that Jonathan P. Dolliver, the representative from the Fort Dodge, Ia. district, has been fixed upon by the administration generally as the most available and best equipped of the men yet mentioned as candidate for Vice-President on the ticket with McKinley.

Is a Popular Movement.

Of all the names which have been mentioned thus far, it is quite evident that the only two which have aroused anything like a popular movement have been those of Theodore Roosevelt of New York and Jonathan P. Dolliver of Iowa. This fact has been brought home within the last few days to people directly representing the President.

Governor Roosevelt declined the nomination yesterday in a way which showed beyond all possibility his absolute sincerity in the matter. This has left Mr. Dolliver as the only real candidate now in the field who seems to have the people of several states back of him.

Acceptable to McKinley.

It can be announced on authority, which cannot be contradicted, that the nomination of the eloquent Iowa would be entirely acceptable to the President and to the leaders of the Republican party. This does not mean that the President or the National committee would attempt to force Mr. Dolliver upon the convention as against any other man, and in that sense he could not be considered the administration candidate.

It is quite true, however, that the President himself, Senator Hanna, Senator Allison, Speaker Henderson, General Grosvenor, and other recognized leaders have been fully acquainted with the movement for Dolliver and give it their hearty assistance.

To Rally Around Dolliver.

The President is quite content, it is believed, to let things take their natural course, and several state delegations which have offered to come into line for any man selected by the President have been told confidentially that he would not interfere if the convention did not nominate a man who was positively distasteful.

It is believed here that the word has been passed to most of the delegations in the Mississippi Valley to rally around Dolliver, and the prediction is made here today by persons in a position to know, that if he can come to Philadelphia with half a dozen states in the west behind him, his nomination will be almost as well settled as that of the President himself.

ROCKEFELLER'S VESSELS IDLE

For the Purpose of Hoisting Up Iron Rates.

Duluth, Minn., June 5.—Twenty idle whalebacks are lying in the harbor of Duluth. Rockefeller has given orders that these vessels are to tie up until they can be chartered for iron ore at \$1.25. As fast as the boats arrive his orders are being carried out. If Rockefeller can control the rate in this instance it will be a new feature in the lake trade, and he can do it almost any time. He controls in the neighborhood of 9,000,000 tons carrying capacity, of which 5,000,000 is his own. It is said that he has use in the ore trade for only about 6,500,000 tons, and when he sought to find places in the grain trade for the balance the result was a general reduction of rates.

New Potato Bug in Indiana.

Mishawaka, Ind., June 5.—A strange potato pest, altogether unknown to the farmers, has made its appearance in this county and, in fact, throughout the whole northern portion of the state and lower Michigan. It differs from the old-fashioned and familiar inhabitant of the potato patch in size, being very diminutive. In color it is red, black and yellow. The new pest has come in great force and with voracious appetite. The manner in which the vines are being devoured tends to confirm the fears of extensive potato raisers that the crop will be cut short this year by the ravages of the strange insect.

The Chicago Pastoral Conference of the German Evangelical Synod of North America, at its session last week, indorsed the recommendation of the Rev. C. Kraft that pupils of the public schools should be given the privilege of an hour several times in a week for religious instruction.

Portland, Oregon, June 5.—Returns from the state and congressional elections in this state yesterday are meager, but what have been received indicate the triumph of the republican nominees. The republican state committee chairman claims this morning that the fusionists have been defeated all along the line from 6,000 to 8,000 majority.

Dane County, Wisconsin, Convention Opposed to Commitment Wall.

Madison, Wis. June 5.—After a fight in convention yesterday Dane county democrats sent an anti-Wall delegation of twenty-six men to the state convention to elect delegates to the national convention. Ex-Mayor W. M. Rogers of Madison, a close personal friend of Bryan, heads the delegation. Colonel George W. Bird of Madison, a pronounced silver man, was endorsed for delegate at large to Kansas City and P. E. Ryan of Waukesha, for national committeeman in place of E. C. Wall. The Chicago platform was also strongly indorsed and the nomination of Bryan. Ex-Mayor Rogers led in the fight against Wall, ex Attorney General J. M. Clancy of Stoughton being Wall's champion.

A Serum for Leprosy.

Some success has attended the treatment of leprosy by the injection under the skin in various parts of the body of the anti-venene of Calmette. The case was a woman, thirty-six years old, and in three months she received forty-seven injections. As a result she was much improved, having lost her leprous expression and the infiltration in various parts of the body disappearing. The bluish color of the face changed to a healthy red. Some ulceration that was present, disappeared with several tubercles. The skin became softer and fairer and she gained fourteen pounds in weight.

Manchester Ship Canal Doing Better.

The Manchester ship canal seems to be slowly becoming a paying affair, though it does not yet realize the bright hopes of its projectors—as few canals do. Its entire capital account is now \$76,250,000, on which the last semiannual net return was \$321,170. This was enough to pay interest on the first and second mortgage debentures, leaving \$92,000 to go to meet the claims of Manchester. The toll-paying merchandise using the canal was 1,452,287 tons; a gain of 31,000 tons over 1898. There is a good prospect of a considerable increase of revenue in the near future.

BRITISH FLAG IS PROUDLY WAVING OVER PRETORIA

Gen. Roberts Sends the Glad Tidings to London This Morning.

BOERS GIVE UP CITY

Actual Entry to the Capital By the Red Coats Without Opposition.

LONDON WILD WITH DELIGHT

London, June 5.—[Special Cablegram]—Pretoria, the Transvaal capital was entered early this morning by a British force. This afternoon Field Marshal Roberts will take formal possession of the town and the British flag will be hoisted over the government building.

Apparently the actual entry to the capital was made without opposition, the Boers making the last fight in defense yesterday.

Gen. Roberts wired this morning: "Pretoria, June 5, 11:40 a. m.—We are in possession of Pretoria. The official entry will be made at 2 o'clock this afternoon."

London Has Gone Wild.

Upon receipt of this long hoped for intelligence London threw off the lethargy which prevailed since Lord Rosslyn's premature dispatch. The town is now going wild and traffic in front of the Mansion House is completely stopped.

Tremendous posters are placed outside of the building reading: "British flag flying at Pretoria." The people threw up their hats and cheered which was taken up street by street until the whole of London rang.

There were riotous scenes on the stock exchange. The brokers were playing football with each other, smashing hats, surging into the streets shouting and singing among other tunes "There'll Be a Hot Time in the Old Town Tonight." A half holiday has been given the public schools and business is virtually suspended.

Heavy Fighting Yesterday.

Roberts foreshadowed the occupation in a dispatch sent last night and made public this morning. For a time yesterday the Boers gave Roberts' men some trouble, and heavy fighting occurred. The weight of numbers and fine military tactics finally carried the day.

Washington, June 5.—[Special Telegram]—The Senate, today, adopted the Foraker's resolution authorizing a committee to visit Porto Rico to investigate Federal relations. Among the illustrated papers in The New England Magazine, one by Ellis Baker Usher of the La Crosse Chronicle, entitled "New England in Wisconsin," is of a biographical character, its purpose being to explain why, with such an overwhelming foreign population, Wisconsin should yet bear so plainly the New England stamp on all its institutions. The paper sketches briefly the lives of prominent New Englanders who have helped to make the native American influence predominant here. Many portraits are included in its pages. The opening paper of the magazine is devoted to a critical estimate of the work of William Ordway Partridge, the sculptor, with illustrations of his home, his studio and his works. Those who made the trip from this city went overland in one of Liveryman Crall's rigs. They left the city at six o'clock yesterday morning and returned at an early hour this morning.

At Whitewater a most hearty welcome awaited the Janesville delegation and throughout the entire meeting the visitors were treated most royally. The meeting took place in Good Templar hall. Dinner and supper were served in a vacant store beneath the hall. In the evening initiation exercises were in order. Those who made the trip from this city speak in high praise of the treatment accorded them. Following are those who went from the Bower City:

NEVER MENTIONED REMOVAL OF DAM

Boat Club Members Saw Such a Story Must Have Originated in Dream. land—Elected Officers.

Members of the Bower City Boat Club, which was organized last evening, deny the report that they ever expect to have the dam at Indian Ford removed so as to have clear sailing from Janesville to Fort Atkinson. The following article was handed The Gazette this morning for publication:

Editor Gazette—Will you kindly state in this evening's addition that the Bower City Boat Club, as permanently organized last night, made no mention, and have no idea of interfering with the power on Rock river, as we realize that if the dam at Indian Ford was removed we would have to put our boats on wheels. The club as at present organized is working hard to make it possible to reach Indian Ford with our many many launches during all seasons of fishing.

At a meeting held last evening the following officers were elected for the ensuing year:

President—A. C. Kent.
Vice President—E. Tracy Brown.
Secretary—J. C. Harlow.
Treasurer—H. D. Murdoch.

The members of the club are:

J. C. Harlow, W. H. Merritt, Geo. S. Slater, Geo. W. Marsden, A. C. Kent, Alex. Buchholz, E. Tracy Brown, H. D. Murdoch, Fred Howe, E. H. Dudley, Alva Russell, V. P. Richardson, Geo. M. McKee, Wm. Save Money for Coffin.

It appears that when Tommy Atkins arrives in India he has one rupee per month stopped out of his pay until 15 rupees have been collected for a coffin. This 15 rupees is invested in the regimental soda water machine, and should he die the machine provides him with a coffin and buries him decently; but should he survive, when he leaves India he receives back his 15 rupees and his share of the profits of soda water.

Cedar Forests Are Diminishing.

The cedar forests remaining in the northeastern part of the continent are in Aroostook county, Maine, the northern counties of New Brunswick and the counties of Temiscouata, Rimouski, Bonaventure and Gaspé, in Quebec. Here cedar grows large and there are more trees to the acre than farther south. It is found on the high land as well as in the swamps. In Nova Scotia cedar does not grow. In southern New Brunswick there is not enough left to supply ties for the local railroads.

Only 75 Nays Reported on Vote Appropriating \$5,000,000.

HOUSE AGREES WITH SENATE.

Not a Word of Debate on Concurrence in the Amendment—Mr. Fitzgerald Criticizes Action of Conferees—Senator Teller's Speech.

Washington, June 5.—The house has agreed to the senate amendment to the sundry-civil bill appropriating \$5,000,000 for the Louisiana Purchase exposition at St. Louis. There was not a word of debate on concurrence in the amendment. The opponents of the fair appropriation contented themselves with demanding a roll call, which resulted 127 yeas to 75 nays in favor of the appropriation. The house also agreed to the senate item for the Mississippi river, with an amendment reducing the appropriation to \$2,250,000, and adding a provision for the preparation of a comprehensive report on the levee system by the Mississippi river commission. The items of the sundry-civil bill still in dispute were sent back to conference. The disputed items of the District of Columbia appropriation bill were agreed to and the bill went to the president, leaving only four appropriation bills still in dispute between the two houses. Mr. Tawney (Minn.) is making an effort to delay final adjournment unless action is had on the Grout oleomargarine bill, but he met with no success to-day. Everything so far as the house is concerned indicates final adjournment on Wednesday.

Mr. Fitzgerald (Mass.) criticising the action of the conferees in striking out an appropriation of \$1,800 for the St. Joseph Orphan asylum (Catholic) in this city inveighed against the narrow religious prejudices which crushed out these worthy charities because they were Catholic. "The same sort of legislation," he said was enacted in Germany, and resulted in building up a great Catholic party there, and if this sort of thing continued in this country a similar party may spring up here, although I hope nothing of the kind will ever be necessary." The emergency river and harbor bill was sent to conference. Messrs. Burton (Ohio), Reeves (Ill.) and Catchings (Miss.) were appointed conferees.

Teller's Speech.

Washington, June 5.—The senate was in session more than ten hours, nearly four of which was spent in executive session. The only features of the day session were the speech on the Philippine question by Mr. Teller of Colorado and the effort of Mr. Pettigrew of South Dakota to obtain consideration for the anti-trust bill passed by the house Saturday.

Marshal to Alaska.

Dubuque, Iowa, June 5.—Word was received from Washington that George G. Perry of this city has been appointed to the position of United States marshal to Alaska. He was at one time chairman of the congressional district committee and was for awhile part owner of the Times and Globe-Journal.

Hazel's Nomination Favored.

Washington, June 5.—The judiciary committee of the senate has favorably reported the nomination of John R. Hazel of New York to be judge of the western district of New York. Only one vote was cast against him.

Named for Place in Porto Rico.

Washington, June 5.—The president Monday sent the following nominations, among others, to the senate: Jose Severo Quinones of Porto Rico, to be chief of the Supreme court of Porto Rico.

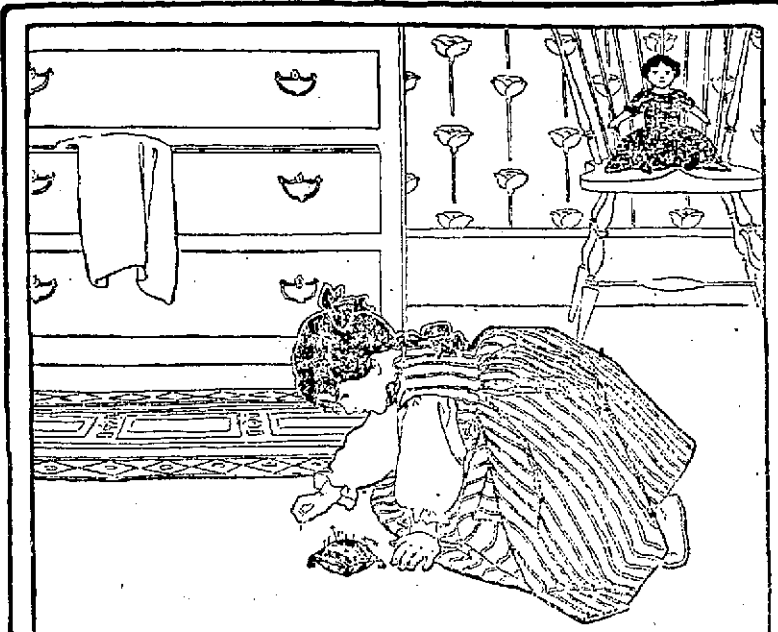

Volunteer Army to Come Home.

Washington, June 5.—In order to prevent misapprehension as to the future policy of the war department respecting the military forces in the Philippines Adjt.-Gen. Corbin said there had been no change of policy since the departure of Gen. Otis, and that none was contemplated. Under the law the entire volunteer army now serving in the Philippines will go out of existence June 30, 1901, and the problem before the war department is how to get the 21,000 men of that army home from the Philippines before the date named, at the same time relieving them with other troops of the regular establishment, so far as possible without loss of military prestige in the Philippines and without material disturbance of the present military organization.

Gen. Corbin says it is proposed to maintain an army of 40,000 regulars in the Philippines so long as required, and to do this it will be necessary to draw upon the troops now in Cuba. The army in the Philippines at present numbers about 62,000 men, equally divided between regulars and volunteers. All the volunteers are to be brought home and mustered out at the place of enlistment June 30 next year, and in order to accomplish this with certainty and with the least embarrassment the homeward movement will begin early in the coming November.

Neely Took Half He Received.

Havana, June 5.—Acting Director of Posts Bristow inquired as to the amount of postal funds taken by C. F. W. Neely in May, 1899, and ascertained that it was \$31,312.35. Neely's monthly average was about \$17,000. His system of bookkeeping was simplicity itself. Apparently he merely divided the amounts received, taking one-half for himself and accounting for the other.

FATAL ECONOMY.

VERY old maxim declares that it isn't economy to pick up pins; the time is worth more than the pins. Similarly it is not true economy to do without Ivory Soap; your health requires the daily removal of the bodily excretions which are discharged through the pores of the skin. These tiny mouths must be kept open, and they should be opened only with a pure soap.

Stole Oriental's Treasure.

Phoenixville, Pa., June 5.—With a valise full of gold, jewels and articles of personal adornment, Ben Ali Mahad, a Syrian in native costume, struck this town last week. He came from Philadelphia to call on Stella Lelah. In his search for the woman Ben Ali wandered about in the lonely places of the North side, and there encountered three men, who robbed him of his valise, gold, jewels, and all. A little later the police found him, wildly excited. The robbers, according to his story, had taken the whole of his earthly possessions. Among the treasures in the grip were two splendid diamond rings and \$150 in cash.

Says Rates Are Reasonable.

Kansas City, Mo., June 5.—Colonel John I. Martin, sergeant-at-arms of the Democratic national convention, is in the city and will establish permanent headquarters here within two weeks' time. Speaking of the charge that local hotel-keepers are making exorbitant charges, Colonel Martin said: "The charge is nonsense. Five dollars a day at the leading hotels is a reasonable rate. Kansas City's hotels are as good as any in the land, and they are entitled to charge a \$5 rate. The subcommittee of the national committee will meet here Thursday, June 14, to consider among other matters the question of hotel rates."

One Killed, Three Injured.

Foxboro, Mass., June 5.—The town hall, which, besides the town offices contained the high grammar and three intermediate schools of the town, was burned early today. One man was killed and three others were injured, one being so badly hurt that it is feared he will die. The dead: George H. Josselyn. Injured: Arthur A. Josselyn, dangerously hurt; Samuel Johnson, Joseph Hopkins. The financial loss is estimated at \$50,000.

Mount Holly Inn Burns.

Baltimore, June 5.—Mount Holly Inn, a new hotel which was rapidly approaching completion at Walbrook, a suburb of Baltimore, was destroyed by fire this morning, entailing a loss of \$55,000. It was insured by E. M. Noel, the builder, for \$60,000. The hotel will be rebuilt.

American Gets an Office.

Buenos Ayres, June 5.—Mr. Corthel, an engineer from the United States, has arrived here to take charge of the hydraulic bureau of the ministry of public works.

Must Have Their Sausages.

Hamburg, June 5.—The Hamburger Correspondent says that German importers of pigs' livers and stomachs have petitioned the bundesrath, requesting that the importation of these articles be still permitted, as the exclusion would practically prevent the manufacture of liver, tongue and blood sausages, which the Germans consume in large quantities. Emperor William personally ordered a German warship to go to the aid of the Hamburg-American liner Deutschland, that grounded in the river Oder.

Corrigan Departs from Rome.

Rome, June 5.—Archbishop Corrigan of New York left here for a short trip through Italy. He will then go to Paris. It is semi-officially announced that his visit here partook solely of a religious character. The question of "Americanism" was not broached.

The Liver's Duty.

The liver has two duties to perform—cleanse the blood and produce bile. You may know it is working lazily if you are troubled with constipation, dyspepsia, biliousness and dizziness. It is trying to throw its work upon other organs. Hostetter's Stomach Bitters will stop this. It makes the liver do its duty and thus the stomach, bowels and nerves cease to suffer. RECEPTION TO BOER ENVOYS.

Fisher Denies Transvaal Women Fight in Trenches.

Cleveland, Ohio, June 5.—The Boer envoys and their party received a number of callers at the Hollenden. They gave a reception, several hundred persons attending. Abraham Fischer, when questioned concerning the published reports that Boer women were fighting in the trenches, said: "The women of our country offered to share the hardships of the men, fight with them and if need be die with them for the fatherland. But the men would not allow it. They are willing to die for liberty, but would not permit their wives, daughters, sisters and mothers to fight in the trenches. Of course there are women who have volunteered for hospital service, but the reports that our women are using the rifle in the trenches are not true." As to recent events in the Transvaal he said: "From the meager reports, it looks as if we had got in between them and their objective point. Boers are not used to being besieged. Therefore they will not attempt to hold Pretoria."

Chicago, June 5.—The Boer envoys have arrived here. Driven direct to the hotel, the envoys breakfasted and then received the citizens' committee of 200, members of the Holland society, delegations from organizations interested in their work and prominent citizens. A two days' program of receptions has been prepared.

Ovation Tendered Gen. Gomez.

Havana, June 5.—Gen. Maximo Gomez arrived here this morning. He was met by representatives of various political societies and an enthusiastic crowd and was escorted to his house. On passing the palace Gen. Gomez stood up in his carriage and saluted Gov.-Gen. Wood, who was on the balcony.

THIS DAY IN HISTORY.

1725—Dr. Adam Smith, author of the "Wealth of Nations," born in Scotland; died 1790. Dr. Smith held the chair of moral philosophy at the University of Glasgow. His course was divided into four subjects—natural theology, ethics, justice and expediency. In the last division he examined those political regulations which are calculated to increase national power and prosperity. His book, which appeared in 1776, was the first complete and systematic treatise on political economy, and it remains an authority upon this subject.

1826—Karl Maria von Weber, famous musical composer, died; born 1786.

1851—The first chapter of "Uncle Tom's Cabin" appeared in The National Era at Washington; last chapter published April 1, 1852.

A NOTABLE SPEECH.

Portland Oregonian.—The speech of Senator Spooner of Wisconsin in favor of his bill providing that upon the suppression of the insurrection of the Philippines the government of the islands shall devolve upon the president until such time as congress shall direct otherwise, is the ablest and most eloquent utterance upon either side during the present session. It was worthy of the man and the occasion. Senator Spooner's speeches recall the praise once awarded Roscoe Conkling, viz: That his important speeches furnished the whole argument for the campaign. All subsequent speeches were mere echoes or dilutions of Conkling's argument. Like Conkling, Senator Spooner is a most astute and accomplished lawyer, a most vigorous and eloquent speaker, a keen, aggressive debater whose arrows are tipped with wit and effective sarcasm, but he is superior to Conkling in charm of manner and gentility of temper. He can be severe without being guilty of unpardonable retort. This speech is a conclusive argument that the policy of the administration was the only policy under the circumstances, that it could have adopted without dishonor to the country.

Senator Spooner's views are those of a very conservative man. He was one of those republicans who approved of the determination of the administration to exhaust every honorable effort for peace before going to war with Spain over the Cuban question. He confesses that he would not have favored the acceptance of the Philippines from Spain as a free gift in time of peace; but he did not believe that it was the duty of the United States government to christianize the world, because while "ours is a missionary people, the government is not a missionary government." But Mr. Spooner, like all other discerning observers, has never been able to see how we could, after obtaining the sovereignty of the Philippines, leave them to be governed by their own inhabitants. It was our duty, after the capitulation of Manila, to remain there in maintenance of our own honor and to protect the inhabitants of that city. Replying to those senators who have coupled the name of Aguinaldo and his associates with that of Washington, Senator Spooner read a portion of a proclamation issued, warning the Filipinos that upon a specified date "all others would be exterminated without compassion after the extermination of the army of occupation," and fairly asked, "Was there ever anything worse than that?"

Senator Spooner pointed out that when our troops first invaded Manila there was no Philippine republic—in reality no Philippine nation; but that for the arrival of Dewey, Aguinaldo would have remained a veal exile and purchased fugitive in Hong Kong, and the Filipinos would, but for that event, still be subject to Spain. Our army was in the Philippines for the purpose of maintaining order in territory which had been acquired by the United States; the president has done only what under his oath, he was obliged to do when he sent troops to enforce our authority over territory of the United States. If our army has no lawful business in the Philippines, it has equally no business in Porto Rico. Senator Spooner eloquently defended the good faith of the administration and of the American people in the matter of Cuba. We have driven Spanish tyranny forever from this beautiful island; we have given it the best government thus far it has ever had; every man's life is safe today in Cuba; every woman's honor is safe. There has been speculation in Cuba, but the fact no more indicts the general excellence and integrity of the administration to redeem all the promises of the American people to Cuba than the fact

of speculation in the New York custom house under President Jackson, or in the New York postoffice under President Buchanan, provided that the experiment of free government under our American system was a failure.

Senator Spooner denounced the attempt to make an issue of imperialism where none existed as made merely for political effect and to obscure the political issues of 1896. To enforce the authority of the government in the Philippines; to give the people equal justice and good government, to protect life and property, to fill the land with schoolhouses, to admit the people to home rule as fast as they are fitted for such responsibility, to decline to leave the islands a derelict on the ocean to be occupied and fitted up as a Malay pirate ship, is not imperialism; it is only the execution of a high and solemn national duty and obligation.

Wheat was again dull and close and was practically unchanged. There were no rains of consequence in northwest but the crop reports from southwest were favorable. Snows crop summary showed poorest conditions in years in eastern part of winter wheat; belt off set by an extraordinary promise in Kansas, Oklahoma and Indian Territory. London was little higher. Liverpool and Paris were closed on account holiday. Primary receipts were lighter than a year ago and clearances were moderate. World's visible decreased 3,488,000. Cash and export sales light.

Corn was active and very strong. There was a big cash demand, but sales were curtailed by the inability to get boats. Country sales to arrive were on a moderate scale. Primary receipts and clearances were not large. At sea board sixty loads were taken for export. World's visible decreased 1,090,000.

Oats followed corn and closed at good advance, cash demand was good and shippers were buyers. Elevator people sold. There was an increase in World's visible of 929,000. Trade in provisions was on moderate scale. Shipping demand for meats was good. Receipts of hogs at eight points were 75,700 against 71,500 year ago. Wm. T. CARPENTER.

NEW BOOK BY EX-GOV. GEO. PECK

Author of Peck's Bad Boy, Uncle Ike and Other Stories.

For the last year Governor Peck has been writing some stuff for his paper, which combines humor, sarcasm, sense, advice to boys, comments on the current events, stories on his friends, etc., which will be published in book form under the title of "Sunbeams," by the author of Peck's Bad Boy, and contains fifty apt and humorous illustrations. Some of it he writes in the manner of editorials, while some is in a personal vein, but the most of it is "just exactly like Peck," and will stir the ripples of the reader and make him laugh, or set him to thinking real hard at the treatment of some subject in a different way from which any other writer has treated it. The fathers, the mothers, the boys and the girls, the rich and the poor. All who have ever read any of Mr. Peck's writings will be glad to read this, his latest and best. The book will be ready June 5, and published by Jamieson Higgins Co., Chicago.

Largest Geyser in the World.

The largest geyser in the world is the Excelsior geyser in Yellowstone Park. Its basin is 200 feet across and 380 feet deep. The basin is full of boiling water, from which clouds of steam are constantly ascending. At long intervals water is spouted into the air to a height of from fifty to 300 feet.

To Extract a Splinter.

It may not be generally known that a splinter deeply buried in a child's hand may be extracted by steam. The method is very simple. Fill a wide-mouthed bottle two-thirds full with very hot water and place its mouth under the injured spot. The steam draws the flesh down when a little pressure is used, and the steam in a moment or two extracts inflammation and splinter together.

A Striking Contrast.

While South African soldiers have been facing cannons the servants of the astronomical observatory in another part of South Africa have been peacefully gazing through their telescopes and have discovered a little star of the eighth magnitude, which is the swiftest traveler that has yet been found among the stellar hosts.

Don't Disturb the Cat.

When H. M. Stanley was writing "Through the Dark Continent" he was in the habit of spreading his maps and charts upon the floor. One day his favorite cat went to sleep on a chart spread out on the hearth rug. By and by the chart was wanted, and one of the assistants went to turn pussy away. When Stanley stopped him, "Don't disturb the cat," he said, "we can get on without the map until she wakes up. If you only knew how good the sight of that cat was to me you would never let her move from where she is." After his trials among uncivilized tribes the sleeping cat was to him the symbol of domestic peace and comfort.

EIGHT HUNDRED ATTENDED PICNIC

SIX HUNDRED AND THIRTY
WENT ON THE SPECIAL.

Were Accompanied by the Imperial Band—Many Went on Other Trains During the Day on Both Roads—Many Special Trains Passed Through Janesville This Morning.

Fully eight hundred residents of the city of Janesville spent the day in attendance at the Annual Modern Woodman picnic. At eight o'clock this morning a special train left the city over the Chicago, Milwaukee & St. Paul railroad having aboard six hundred and thirty people. This special pulled out on time and consisted of twelve coaches and one baggage car. These excursionists were accompanied by the Imperial band.

During the morning many left on the regular trains on both the Milwaukee road and the Northwestern. The fare of \$1.20 was granted on all the trains the same as on the Woodman special.

Last evening the members of Florence camp paraded the streets. They were headed by the Imperial band and made a good showing. Picnic weather could not have been more ideal than that accorded the Woodmen today. The morning turned out perfect and no doubt the kindness on the part of the weather man had much to do with the large crowd going from here.

Headed by the Imperial band the Woodmen and friends marched to the depot this morning to board the 8 o'clock special. At the Milwaukee road depot the large crowd found awaiting them a special consisting of twelve excellent coaches and a baggage car. Everyone found a comfortable seat and the train pulled out on time without so much as a single mishap. Conductor Fraunfelder was in charge.

At Madison the train arrived on scheduled time. On alighting at the East Madison station the Janesville crowd filed into the street and headed by the band marched to the Capitol square. The Janesville special was one of the first into Madison over the Milwaukee road.

During the morning special trains on both the local roads brought several thousand visitors into the city. The stop of these trains was brief. At 7 o'clock this evening the Janesville special is scheduled to leave East Madison, arriving in Janesville about 8:30 o'clock.

30,000 Visitors at Madison
Madison, Wis., June 5.—[Special]—At least 30,000 visitors were in Madison today.

The parade, the first feature of the exercises, was formed promptly at 11:15 a. m. on Monona avenue. Marshal of the Day R. C. Vernon estimated that over 5,000 people were in the parade. Between twenty-five and fifty Woodman lodges were present, each with its band and its banners and streamers. A block ahead rode Chief of Police Baker on horseback to clear the street of people. Then came Colonel George Joachim, heading the parade.

Eight mounted Foresters riding abreast followed, then four mounted policemen. After these came the marching lodges of Woodmen. The parade consumed an hour in covering the line of march. Marshal Vernon was assisted during the day by Aide-de-Camp Fred Coombs and others.

At 2 o'clock the visitors were welcomed by Gov. Scofield and Mayor Hovey, who were followed by Head Consul Northcott. The speaking was from a platform erected at the west entrance to the capitol building. At 3 o'clock the attraction was a base ball game between Beloit and Wisconsin at Camp Randall. From 3:30 to 4:30 there will be an open air performance by vaudeville artists on another platform at the north entrance to the capitol. At 4:30 the prize drill for Forester teams will take place.

THIEVES MUTILATE BICYCLE.

Ross King Recovers What Is Left of His Sterling.

Al. Hager, who resides on Center avenue, walked into C. C. Bennett's shoe store this morning and informed H. Ross King that he noticed by the Gazette of last evening that thieves had stolen his bicycle. Mr. Hager said that early Sunday morning he found a bicycle in his front yard, but that whoever had stolen it had removed the tires, handle bars and saddle. Mr. King identified what was left of the wheel as being his Sterling.

Milwaukee, Wis., June 5, 1900.

Assistant State Superintendent W. N. Parker will deliver the address before the graduating class of the Milton High school at the Congregational church on Thursday evening, June 14. His theme will be "Consolidation of our Country Schools," a topic that is of much interest to both taxpayer and patron. On Sunday evening, June 10, at the same place, Rev. A. L. McClelland will preach the Baccalaureate sermon. The general public is cordially invited to be present on both occasions.

Mrs. Perry Sweet has gone to Beaver Dam to visit friends.

The atmosphere was rather chilly Saturday and Sunday, but no frost. Rain is needed, the showers of last week being of little benefit. Crops as a rule are in fair condition, except grass, which is very light. Tobacco plants are doing nicely.

LOOKS LIKE NO CELEBRATION

As Yet The Interested Merchants Have Failed to Act.

Mayor V. P. Richardson stated this morning that as yet no move had been made on the part of local business men

taking an interest in the holding of a Fourth of July celebration in the city of Janesville this year. Unless some steps are taken this week the indications are that there will be no Fourth of July celebration here this year. Many of the surrounding towns have already announced that they will hold celebrations this year and for this reason many of the local merchants think that it is new too late for Janesville to act.

INDIAN FORD WATER CASE

Heard By Judge Dick In the Rock County Circuit Court.

In the circuit court of Rock county today was heard the action of Mrs. Kate Bliven vs. the Indian Ford Water Power company. The plaintiff is owner of the Taylor House property at Koshkonong and brings suit for damages alleged to her property by the lowering of the lake by the defendants who control the dam at Indian Ford. REPAIR JACKSON ST. BRIDGE

Workmen Have Been Busily Engaged There This Week.

During this week needed repairs have been going on the Jackson street bridge. Many planks that have been in a most dangerous condition for some time have now been replaced by new planks. The railing in certain places is unsafe and will be put in repair. Considerable traffic is carried across this bridge and residents in the Spring Brook addition use this means of reaching the city being much nearer than by the Beloit road or the Monterey bridge.

OPERATION ON CHAS. GRAY

Performed This Morning and Resulted in the Removal of an Abscess.

Physicians this morning performed an operation on Charles Gray at his Locust street home. The operation was a success and resulted in the removal of a large abscess. A portion of one rib was first removed so as to allow the surgeons to locate the abscess. The operation was all that the doctors hoped for and this afternoon Mr. Gray's condition was much improved.

HON. LOVEJOY HAS PLAN

Whereby the Court House Park Can Be Greatly Improved.

Hon. A. P. Lovejoy says that with the expenditure of little cash the Rock county board of supervisors could greatly improve the condition of the court house park in this city. Mr. Lovejoy has demonstrated this by the improving of a small portion of the park opposite his residence by the liberal use of rich dirt sprinkled over the grass.

NOTED CROOKS WERE HERE

On Their Way to Attend the Modern Woodmen Picnic.

On the late trains into the city last evening there arrived in town many noted crooks. These bad men were on their way to the city of Madison where today they no doubt got in their work robbing the strangers who assembled to the number of many thousand in attendance at the Modern Woodmen picnic.

COLORED MEN THE WINNERS

Defeat the Nebraska Indians by a Score of 11 to 3.

At Athletic Park yesterday afternoon the Columbia Giants defeated the Nebraska Indians by a score of 11 to 3. The colored men were too strong for the Indians who seemed to be weak at batting. There was a fair sized crowd in attendance and for the money no one had reason to register a kick. The same teams play at the park tomorrow with different pitchers in the box.

ALLEGED ROBBERS BEHIND THE BARS

MEN WHO ESCAPED FROM THE
ROCK COUNTY COURT.

Arrested and Placed in the Rock County Jail on the Charge of Robbing the Bank of Milton—Have Since Been in City of Chicago—Well Known to Police Here.

"Dad" Flynn, "Lefty" Fitzgerald and James O'Neill, the three prisoners who made such a sensational escape from the Rock county municipal court room in this city where they appeared on the charge of robbing the Bank of Milton, have been arrested in Chicago and are now in the Cook county jail. The men are held on the charge of robbing the postoffice at DeKalb, Illinois.

Since the escape of the prisoners from Janesville the Chicago police have been on the sharp lookout for the three much wanted men. It was known that the trio was in hiding in Chicago but it was another thing to bring about their arrest. This week the men were located by detectives from the Banker's Casualty company and their arrest followed.

At the time the prisoners escaped in this city they were wanted by the United States officers on the same charge on which they are now held but the officers could not hold the men here because they failed to have warrants for their arrest, at the time they were discharged in court.

ACTIVITY AROUND VICKSBURG.

Boers Capture Several Parties of Drabant's Horse—Roberts May Try to Surround the Enemy—Latest News from the Front.

Cape Town, Monday, June 4.—The telegraph to Pretoria is still open, but the town is in great confusion. There has been a general exodus, among those taking part in it being the foreign fighting legion. Six special trains left Wednesday last, and one of them is reported to have been derailed. No British refugees have arrived.

Maseru, Basutoland, Saturday, June 2.—General Brabant's Horse have been the subjects of several small captures at the hands of the Boers. Lieutenant Bundel and twenty men, while searching a farmhouse in the Ficksburg district, were captured. Two of the men were wounded. Lieutenant Lees and two men were captured while commanding. Another patrol of the Border Horse, numbering twenty men, while pursuing a small party of Boers, was surrounded and captured. Count Gleichen sent thirteen men of the Provincial Horse, under Lieutenant Bowker, with a flag of truce to Senegal, to demand the surrender of that place. The Boers captured the entire party and, after robbing the men of all but their clothing, sent them to Gredede, whence some of them managed to escape. Most of those who succeeded in eluding their guards, however, were recaptured.

London, June 5.—London is enjoying a bank holiday, undisturbed by descriptions of engagements between the British and the Boers in South Africa, and the public here is full of confidence of Lord Roberts' entering Pretoria before many hours have elapsed. The latest theory of the day is that Lord Roberts is moving his flanking columns so as to envelop such of the Boer forces as may be in the neighborhood of Pretoria. In the Orange River colony, the burghers are reported to be keeping a close watch on President Steyn to prevent him from leaving the commandos in a lurch.

Recovered from Panic.
London, June 5.—President Kruger commands the telegraph eastward from Pretoria and telegraphic news from Pretoria to Lourenço Marquez has ceased, but the messengers of newspaper correspondents continue to pass to and fro on the railway. The latest to arrive at Lourenço Marquez bring events at the Boer capital down to a late hour Friday night. At that time, according to these sources of information, the military leaders had quite recovered from the panic and had determined to defend the town.

Women Appeal to Governor.
St. Louis, Mo., June 5.—St. Louis women will present a petition to Gov. Stephens of Missouri beseeching him to put an end to the attacks made upon women by street railway strike sympathizers. The petition reads:

"To the Hon. Gov. Stephens: The undersigned women residents of the state of Missouri and city of St. Louis, burning with indignation at the outrages daily being heaped upon women, and, be it admitted with shame, by mobs composed of our sex, represent to you that we are constantly and systematically mobbed and denuded. This outrage has continued for many days, and shows no signs of abating. We respectfully represent that it is within your power immediately to abate it in the name of civilization, of honesty, of pure womanhood. We petition, we implore, we implore you to act." Col. Cavender instructed the officers of the citizens' posse to meet violence with violence and to arrest the rioters and send them to the morgue if necessary.

Cuban Teachers Are Coming.
Havana, June 5.—Alexis E. Frye, superintendent of schools, announces that all the preparations for the journey of the Cuban teachers to the United States are well forward. The teachers, by the order of Gen. Wood, will be paid their salaries at the port of departure, a total of \$96,000. Almost exactly half the entire number of teachers have applied to go—namely 1,750. Only 300 have been refused, as no more than 1,450 can be accommodated. With reference to the question of teaching English in the schools, Mr. Frye says that all the children will want to learn it, and that even if the subject is made voluntary they will not elect not to be instructed in English.

Kansas City Bakers Strike.
Kansas City, Mo., June 5.—All the bakers employed by the seven leading firms of this city are on a strike, and as a result the daily bread supply is curtailed 50,000 loaves until the difference between the bakers and their employers is adjusted. The bakeries affected handle the bulk of the trade of this city, and the strike will seriously inconvenience hundreds of householders who depend upon them for bread. The cause of the strike is a disagreement as to how many hours shall constitute a day's work for a baker.

ATTACK CITY OF TIEN-TSIN.

"Boxers" Within Four Miles of the Chinese Town.

PREPARATIONS FOR DEFENSE.

Force of German Marines Arrives in the City—Chinese Government Is in Favor of Expelling All Foreigners—Attempt to Arrest Manager Lin.

Tien-Tsin, June 5.—The "boxers" are reported four miles off and an attack is expected. Everything is ready and the residents are confident. Thirty-five German marines have arrived. Three Belgian engineers have arrived. The French consul says eleven are still missing, but there are hopes of saving five.

Huang-Tsun, the next station to Feng-Tai, was burned, and a bridge was damaged. Traffic between Tien-Tsin and Peking has been suspended. It is reported that Pao-Ting-Fu was attacked. Mr. Robinson of the north China mission (not Mr. Stevenson of the Church of England mission at Yem-Ching) is missing and five native Christians have been murdered at Zang-Ching. Mr. Norman of the same mission has been captured at Wu-Chia-Ying, two miles from Yang-Ching, and is in great danger.

Crisis at Peking.

Peking, June 5.—A serious crisis exists at the palace. The ultra-conservative party advocates not taking repressive measures, urging the dowager empress to allow the "boxers" to finish the work of driving the foreigners out of the country; the moderate party, led by Prince Ching, representing the serious danger of provoking a conflict with the powers.

Indications of the feeling of the government toward foreigners are contained in the attempt to arrest Lin, Chinese manager of the Peking syndicate; Kia, chief of the Shan-Si commercial bureau, and Fan, a leading banker of Shan-Si, on the ground that they were "dangerous characters," but in reality because they are connected with new British enterprises. Fortunately all of them are absent and they have not yet been arrested. The British minister, Sir Claude MacDonald, has addressed a note to the tsung-li-yamen, demanding why the arrests were ordered. The most alarming reports are constantly arriving from the country, especially from Pao-Ting-Fu. The telegraph wires from Peking to Pao-Ting-Fu are cut and all news comes via Tien-Tsin.

Boxers Killed by Cossacks.

Tientsin, Monday, June 4.—Two more of the party of foreigners who fled from Pao-Ting-Fu have arrived here. One of them was badly injured. The relief expedition has returned. The body of mounted Cossacks who started in search of the refugees returned this evening. They report that they had a fight with the Boxers at Tuli, killing sixteen, and wounding many. Lieut. Bleuskey, Dr. Hamilton, a trooper and a civilian, were wounded. It is reported from Pao-Ting-Fu that eight Americans and three members of the China Inland mission are missing. The missionaries are in great danger. No further news has been received regarding the missing refugees.

New Mexico Has a Capitol.

Santa Fe, N. M., June 5.—The new capitol of New Mexico was dedicated with imposing ceremonies. This quaint old city was thronged with visitors. Houses and streets were especially decorated. A grand military and civic pageant was reviewed from the capitol steps by Gov. Otero. At 3 o'clock the governor's salute was fired and the monster flag raised on the lantern cupola. Ex-Gov. L. Bradford Prince delivered the oration of the day. The territorial officials gave a reception at the capitol and the woman's board of trade a ball at the Palace hotel. The capitol was illuminated with 2,000 electric lights.

Mrs. John Sherman Dead.

Mansfield, Ohio, June 5.—Mrs. Sherman, wife of former Secretary of State Sherman, is dead. She suffered a stroke of paralysis Sunday. Mr. and Mrs. Sherman returned to Mansfield from Washington a week ago Friday, expecting to spend the summer quietly at their cozy little home here. Mrs. Cecelia Sherman was born here in 1829. Her father, the late Judge James Stewart, was at that time a lawyer with a limited practice. Her mother died while she was a baby. Dec. 31, 1848, she married Mr. Sherman, then a rising young lawyer of the city. No children were born to them, but they adopted several daughters.

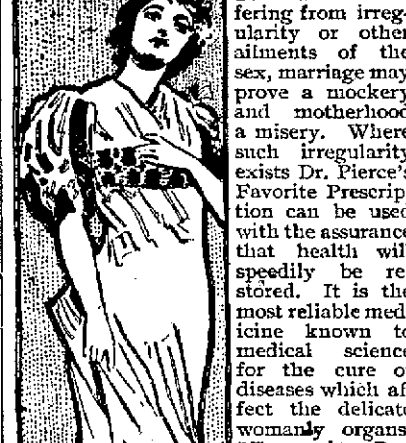

Drowned After His Baptism.

Memphis, Tenn., June 5.—Less than three minutes after receiving the sacrament of his pastor, James Phillips was drowned in the waters in which he had been baptized, in the presence of helpless and horrified brethren of his congregation and other spectators. After the final benediction Phillips had gone aboard the steamer Wichita to put on dry clothing. He had scarcely stepped aboard the steamer when he fell backward over the side of the boat and was swept down by the rapid current.

TALK to Lowell.

Facing the Future.

There comes a time to most women when they must face the future of widowhood and motherhood. What that future has in store for them depends largely upon themselves. To a healthy woman the obligations and consequences of marriage are a lasting happiness. To a woman suffering from irregularities of the sex, marriage may prove a mockery and motherhood a misery. Where such irregularity exists Dr. Pierce's Favorite Prescription can be used with the assurance that health will be restored. It is the most reliable medicine known to medical science for the cure of diseases which affect the delicate womanly organs. "Favorite Prescription" is a non-alcoholic medicine and is also free from opium cocaine and other narcotics.

"At an early stage of married life," writes Mrs. Flora A. of Dallas, Jackson Co., Mo., "I was greatly bothered with painful periods, also a troublesome discharge, and my very worst and unfit for work of any kind. I became so thin there was nothing left of me but skin and bone. My husband became alarmed and got me a bottle of 'Favorite Prescription.' After he saw the wonderful effects of that one he got me two more, and after I used those up there was no more pain, and I began to gain in flesh very rapidly. I owe all praise to Dr. Pierce and his wonderful curative medicines."

Dr. Pierce's Medical Adviser sent free on receipt of stamps to pay cost of mailing only. Send 21 one-cent stamps for book in paper covers, or 31 stamps in cloth to Dr. R. V. Pierce, Buffalo, N. Y.

PLANS OF A STRATEGIST

How Colonel de Villebois Mareuil Arranged a Battle.

FAMOUS OFFICER'S LAST ORDERS.

Late French Commander Schooled the Boers in the Most Trivial Details of His Plans For the Capture of Boshof at Night—How He Was Killed.

In the early days of the war in South Africa English officers were amazed at the clever tactics of the Boer army and forced to admire the intelligent fighting skill displayed by the rude farmers as individuals. It seemed as if all of them had a complete and accurate knowledge of the plans of their commanders.

That this was probably true is proved by the following captured orders for the attack on Boshof issued by that able commander, Colonel de Villebois Mareuil, who is credited with conceiving and conducting most of the Boer coups up to the time of his death. It will be noticed that no detail, however trivial, even to the assignment of position for teamsters, is overlooked. In addition it is shown that Colonel de Mareuil divided his command into groups of six men each and talked over the plans of the attack with the chosen leader of each group, so that every man in the force had a full and complete understanding of the plan of battle. Unfortunately for Colonel de Mareuil something happened to thwart his plans, and instead of capturing Boshof on the night of April 4 he was himself surprised with a detachment of 50 men near that place the next morning and fell mortally wounded by shrapnel in the fight. The complete orders, as published in the London Daily Telegraph, are as follows:

"General de Villebois de Mareuil, commandant of the European legion, to Commandant Saeremburg, Field Cornet Coleman, Lieutenant de Breda.

"Orders for the movements on April 4: "Tonight the detachment of the raid will attack Boshof and follow its route under the favor of a surprise and the prevailing darkness. For this purpose the following dispositions will be observed: The column will set off at 4 o'clock in the afternoon with the detachment of Boers under Field Cornet Daniell in such a manner as just to reach Boshof by night. At a certain point the detachment will divide and will reach their respective places of assembly to the east and west of the town. Boshof is situated in a plain and is flanked by certain kopjes, of which the importance and distance from the town are reported as follows: To the north two naked kopjes, weakly guarded and a good distance from the town. Between them passes the Hoopstad-Boshof road. To the east, on the road to Kimberley, which it commands, one kopje, which is not guarded by the enemy. Upon this the Boers will take up their position. Finally to the southeast of the town and exactly opposite to it there is a kopje, where the English have an outpost of 50 men. On the summit of this is formed a small parapet of stones about half the height of a man. This will form part of the attack reserved for the detachment of the raid.

"The Hoopstad and Kimberley roads cross in the interior of the town.

"The plan of attack will be carried out under the following conditions: At 11 o'clock in the evening the Boers under Field Cornet Daniell will be in position on the kopje C, and the telegraph wire on the Kimberley road will be cut by them. At the same time the raiding party will assemble behind the kopje E, situated two kilometers from the town. The horses and the Scotch cart will there await the final operations, as well as the native servants if there are any. One man will be left behind with each team of six horses. Commandant Saeremburg and Lieutenant de Breda will before the departure choose these men, the importance of whose mission will be readily understood, since upon their vigilance will depend the safety of the expedition in the event of retreat. The group left behind will be under the orders of Nicotlet. The men will remain standing at the head of the horses, which will be saddled and bridled, the cart boys at the head of the mules, all ready harnessed.

"At 11:30 the attacking party will march in three echelons 20 meters apart, the center in the van. The center echelon, under the special direction of the general, will be formed by the French platoon. The right echelon, commanded by Commandant Saeremburg, will consist of one-half of the Dutch and the left, under Lieutenant Beck, of the other half. Furthermore, the men who have been in the habit of messing together in groups will appoint a leader, from whom they will on no account separate nor get out of touch. When these groups do not exist or exceed ten in number, the leaders of the party will break them up and form parties of six or eight and appoint a head of the group. The general will see these heads of groups at 3 o'clock in his camp to give them instructions further than can be detailed here.

"In the approaching march the commanders will give their orders in a low voice, and the men will be ranged in line so that they can see the heads of groups and lie down instantly. It is of importance also to watch the investigations of the searchlight if the English have one at Boshof, which has not yet been ascertained. The moment the ray is turned toward the echelon the leader will make his group lie down, and the march will not be resumed until the light is turned away. At the rise of the kopje D a halt will be made

behind the cemetery, and the Saeremburg echelon will carry the kopje by assault and will occupy it. From there it will hold . . . the two kraals Z Z, where the English encamped in the market place in Boshof itself could make the first attempt at resistance. In no case, for an easily understood reason, will it fire upon the town. Firing, moreover, can only be carried out by volleys discharged by word of command given by the head of each group.

"Continuing their march, the two other echelons will pass a well behind the kraals and will attack the English camp outside of the town. In this effect the French echelon, after firing two volleys, will advance at the charge with the cry, 'Transvaal and Free State' and will thus complete the panic. As there are no bayonets the rifles will be kept loaded and carried under the arms at the position of the charge. After having crossed the camp from the east to the south the route will be accomplished by firing.

"Lieutenant Beck's echelon will remain under the orders of the general as a reserve should the Boers placed on the Kimberley road on the kopje C have to deal with the fugitives. He could also render assistance if the enemy issuing from Boshof should endeavor to turn the attack. He would then be informed of this eventually by Field Cornet Coleman, who will cover the left of the attack in such a manner as to observe all that may be unheeded. For this purpose the Afrikaners will conform to the general movement of the march of approach and retire as soon as the attack begins on the west of the English camp to a distance suitable for observation.

"To facilitate recognition the brim of the hats will be covered with a white handkerchief.

"The meanness of our information does not permit of even an approximate estimate of the English force. The forces in Boshof seem, however, to be between 300 and 400 men. Whatever happens the assailants should remember that their moral superiority is overwhelming, and even in the event of retreat they can easily, covered by the darkness, regain their horses and retire from Boshof without risk."

RADCLIFFE GIRLS TO HELP.

Will Assist in Care of Cuban Women Teachers at Harvard.

The expected arrival of the Cuban girl teachers at Cambridge, Mass., has naturally roused the patriotic zeal of Radcliffe students as well as the interest of Harvard men and of the community at large. Radcliffe will be very cordial in its overtures for the comfort of the woman contingent, and 14 students have offered themselves and been accepted as teachers and interpreters, says the New York Sun. At present it is supposed that between 800 and 900 Cuban women will present themselves for study, and of these only 5 per cent know English. It is necessary, therefore, that all the classes be conducted in Spanish, and Spanish is a language with which the "typical Radcliffe girl" is not as a rule familiar. Still, there are some dozen students who can be of decided use, and they will do their best to compensate in quality for their meager numbers.

The Radcliffe council was requested at its last meeting to give up the houses and grounds of this college to the uses of the regular Harvard summer school, the beauty of such an arrangement being that it would leave Harvard itself entirely at the disposal of the Cuban guests. The council has not yet given its decision in the matter, but there is a good prospect that its answer will be favorable to the Cuban cause.

Mrs. Alice Freeman Palmer, formerly the president of Wellesley college and now on Radcliffe's advisory board, will give up her house to Mrs. Alice Gordon Gulick, who is to act as the dean of the woman's department of the Cuban summer school. The house is the charming old Peabody mansion, which faces on Quincy street and from its back windows commands a beautiful view of the entire college yard. Mrs. Gulick is a graduate of Mount Holyoke college and has become widely known because of her connection with the International Institute For Girls in San Sebastian, Spain. She is an accomplished Spanish student and a tactful woman, able, as few American women of scholarly qualifications could be, to understand and sympathize with the conventionalities which must surround the Spanish girls. One of the 14 college girls will in every case accompany the women's afternoon excursion parties, which are to form such an important part of the whole educational scheme.

DUMB BOY MAY TALK.

Remarkable Operation on a Cleft Palate Is Successful.

Nathan Hale Prior, aged 6, the son of Plainville parents, the other day at the New Haven hospital uttered vocal sounds for the first time since his birth, says the New York World. This was the result of a remarkable operation for the restoration of a cleft palate. It is believed that he will learn to talk as soon as he can control the sounds which he makes.

Similar cases have been remedied by the insertion of an artificial palate of metal. Recently surgeons conceived the idea of closing the aperture by the use of the flesh around the palate. Portions of the flesh were forced out and the palate pressed into a natural form. The result of the operation has been watched with interest by the hospital physicians, who announced their success the other day when the boy for the first time uttered gurgling sounds which closely resembled words.

Reason of the Delay.

It seems that the reason why Mafeking was not relieved sooner was that Lord Roberts could not spare any Canadian troops for the expedition.—Buffalo Express.

A WHISTLING LANGUAGE. It seems that there is really a whistling language. It is in the Canary islands that people whistle instead of speaking when they hold converse with each other. The language is composed of words as it were, like any other language, and the inhabitants attain great proficiency in it, so that they can converse on all sorts of subjects.

Sorting Hog's Bristles in China.

An example of patient industry is the sorting of hogs' bristles as it is carried on at Tien-Tsin, China. Each bristle of the 600,000 kilograms exported from that place in 1898 had to be picked out, measured and placed in the bundle of hairs of corresponding length; and the different lengths by which the hairs are sorted are numerous.

Ziegler's Suits Made Right--

DON'T WRINKLE. Seams put together properly. DON'T PULL. Edges stayed. WON'T CRINKLE. Have the appearance of suits a good tailor makes at \$25 to \$40. These go at 15, 18 and 20 dollars. THEY FIT. Some times need a few changes. We make any necessary alterations. All made of good wool or pure worsted materials. You'll appreciate the value; you'll get one. BETTER TRY ONE. Don't be induced to buy a cheap suit to order made by the cheap Chicago tailor, for it POSITIVELY CAN'T give satisfaction. It won't hold its shape. It is certainly as bad as the cheapest ready-made. And think! You pay just as much for it as we charge for

our best ready-to-put-on suit that will give you satisfaction all the while you are wearing it. Remember also that we will PRESS YOUR CLOTHES, if bought here, free of charge.

On Thursday, June 7th,

we shall offer some of our best \$12.50, \$15.00 and \$18.00 suits—just a few sizes in each lot—at the uniform price of

\$10.00.

We want to close out all of these broken lines, so don't miss this opportunity. Every suit worth just what we have noted above.

The Paris Exposition :

Cannot equal the Columbian Exposition held in Chicago. Neither can any Flour excel

JENNISON'S

"VERY BEST" FLOUR!

It is one of the best known and most highly praised brands in the world. It has sold upon its merits for years and has a reputation for high quality second to none. It is positively the highest patent made and is a great favorite with our customers, who insist on having Jennison's "Very Best" every time. In buying Flour you cannot afford to take chances by getting a brand unknown to you or any one else. Several batches of poor bread will discourage and disgust any housewife. It pays best to buy Jennison's "Very Best" and be sure of what you are getting. We have just made an exceptional purchase and have reduced the price to

93 cents a sack!

FOR A GOOD, BUT CHEAP FLOUR, WE OFFER :

Jennison's Tip Top at 85c a sack.

Positively the best for the money in the city. A splendid second patent, which is better than many so-called firsts. It has our full guarantee and if you don't want it, bring it back. :
